### Products have sugar...

The ingredients that sweeten and have calories are called "sugars", although sometimes it is used directly to refer only to sucrose (table sugar). ... Products are sucrose-free and are sweetened with stevia or fructose

### Products have sodium...

According to the FDA (U.S. Food and Drug Administration), the daily sodium intake should be 2,300 mg. One sachet of Supernova has 3 mg of sodium, so according to the FDA, it is considered sodium-free.

### Why do I see the register in the box?

Our products are authorized in the countries where we distribute them. Each country has its own authorization protocol for dietary supplements and not every case generates a registration number:

Authorized with number record printed on the box	BO  CO  CR  EC  GT  HN  PE
Authorized (registration number is not generated)	CL  MX  US  PR

## IMPROVES YOUR PHYSICAL AND MENTAL ACTIVITY

#### SYSTEMS:

- Nervous
- Immune
- Reproductive

#### FUNCTIONS:

- 6-8-hour energy
- Anti-depressant
- Mental alertness
- Migraine
- Stress

- or after breakfast or lunch
- before or during physical activity

## CONTROL YOUR WEIGHT BY DRINKING COFFEE

#### SYSTEMS:

- Digestive
- Endocrine
- Circulatory

#### FUNCTIONS:

- Weight control
- Pain reliever
- Cholesterol/triglycerides
- Prevention of diabetes and cardiovascular disease

- or taken with each meal

## THE BEST MACRONUTRIENTS

#### SYSTEMS:

- Muscular
- Lymphatic
- Immune

#### FUNCTIONS:

- Weight control
- Muscle density
- Multivitamin

- after your exercise routine
- before breakfast and dinner

## 45% ORGANIC ALOE

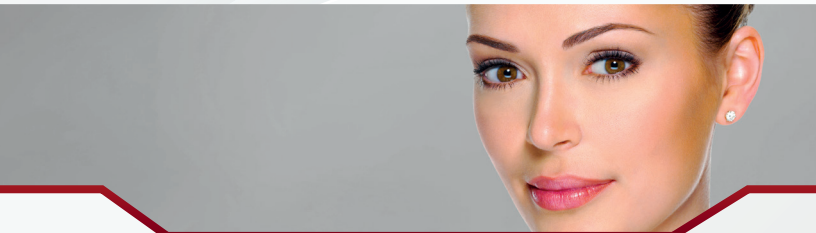

#### SYSTEMS:

- Digestive
- Lymphatic
- Excretory

#### FUNCTIONS:

- Gastritis/colitis
- Arthritis
